

4 Hurt in Blast At Ky Son BEQ

S&S Vietnam Bureau

SAIGON — The enemy terrorist bombing of the Ky Son BEQ in Saigon Friday night left four persons injured — two Vietnamese civilians and two U.S. personnel — according to the U.S. Command.

The U.S. wounded were treated at a dispensary and released, spokesmen said.

The 30- to 40-pound plastic charge, that ripped through a generator fuel tank and did moderate damage to the nine-story building, was placed by "an undetermined number of enemy terrorists," the command reported Saturday.
